scrap stuff drawing robot v0.3

Simple drawing robot

Uses OOBB fixing design format originally shared by oomlout

Based on many machines of this design that existed before this

For BOM and further details see https://github.com/stuartchilds/ZSHA

Designed for 3mm MDF sheet stock

KEY:

Orange - vector etch
Yellow - vector cut with tabs to keep things in place (I used 30mm cut, 0.25mm gap settable in Laser Cut software)
Black - vector cut

Scale: square is 10mm x 10mm
